First song: I've got something in my hand
[\[3:48 for 'key' actions onwards\]](#)

I've got something in my hand

I wonder what it is

I will ask the wise old bird

Could she tell me what it is?

Is it **strange** or is it **scary**?

Is it **lovely, sweet or sticky**?

Is it **smelly is it dirty**?

Is it **safe or is it tricky**?

Is it **alive**? Is it a **prize**?

Is it even really mine?

Second song: I've got a key in my hand!
[\[6:22\]](#)

I've got a... **key in my hand!**

But **what else can it do?**

I've got a **key in my hand**

But **what else can it do?**

This **key** unlocks my **curiosity**

To **help my friends** as well as **me**
